a) Discussion and Possible Action to Initiate a Rulemaking to Amend Section 1654 Substantial Relationship Criteria Under Title 16, California Code of Regulations

Mr. Ito provided the Board with background information regarding the proposed text for the following sections: CCR §§ 1654 – Substantial Relationship Criteria, 1655 – Rehabilitation Criteria for Denial, Suspension or Revocation, 1657 – Rehabilitation Criteria for Petition for Reinstatement or Modification of Penalty. The amendments as noted within the document would make the changes necessary to comply with the mandates set forth by AB 2138.

Dr. Lally inquired about the Board's ability to deny an application based on the licentiate listing false information on their application for matters such as a DUI and was informed by Ms. Knight that the question would no longer be listed on the question section of the application. She noted that it is at the Board's discretion to list the question, however it would be listed as an optional question for the applicant. Additionally, it is up to the Board to use their discretion to evaluate and address any potential convictions which may arise.

Dr. Zammuto called for a motion to amend Title 16, CCR §§ 1654 – Substantial Relationship Criteria; 1655 – Rehabilitation Criteria for Denial, Suspension, or Revocation of Licensure; and 1657 – Rehabilitation Criteria for Petition for Reinstatement or Modification of Penalty.

Board Meeting Minutes – May 16, 2019 (DRAFT)

Agenda Item 11 Pending Legislation

The Board elected to defer all discussion regarding pending legislation until the teleconference in June 2019. By doing so it would ensure that ample time was given to Board staff for drafting of support and/or opposition letters.

Agenda Item 12 Executive Director’s Report – Mark Ito

Mr. Ito updated the Board on licensing statistics, staffing, budget conditions, and provided a CURES update. Additionally, he provided a student survey that was created by Board staff and sent out to all postgraduate training programs that have attended the Board’s quarterly meetings to gain a better understanding of how the visiting students felt about how the Board meetings were conducted. All items discussed were included in the Board packet.

Enforcement/Discipline – The Board’s Lead Enforcement Analyst, Corey Sparks, presented the enforcement report to the Board and provided written materials showing various enforcement data.

Agenda Item 13 Revision to OMBC Board Logo

The Board was presented with 8 logo concepts created by DCA’s Office of Publications, Design & Editing team. They were informed that the designs were presented in black and white as that would be the generic color scheme when not printed in full color. It was noted that a color scheme would be chosen at a later date once a logo was selected. The Board Members requested that 2 of the 8 proposed logos be mocked up in color (green and blue) prior to making a final selection.

Agenda Item 3 Discussion and Possible Action to Adopt a New OMBC Board Logo:

Mr. Ito informed the Board that he reached out to the DCA Publications, Design and Editing Unit after the May meeting to request that color variations be provided, so that the Board could compare the two logo templates for selection and future use. Both logo templates provided were also accompanied by example letterheads.

Dr. Zammuto moved to vote on Option 2 logo. Motion – Dr. Zammuto, Second – C. Buhari

- Roll Call Vote was taken

 - **Nay** – None
 - **Abstention** – None

Dr. Zammuto inquired whether the Board was required to use the DCA color scheme of green and blue. He was advised by Mr. Ito that it was only provided as an option, however he informed the Board that the color palate selected was the Board's

Board Meeting Minutes – June 17, 2019 (DRAFT)

discretion. Ms. Mercado recommended that the Board keep the coloring of the Asclepius on Option 2 (j), but she suggested that the letter coloring be revised to reflect a lighter blue similar to Option 2 (a).

Dr. Zammuto moved to select Option 2 (j) substituting the letter coloring with the colors in Option 2 (a). Motion – Dr. Zammuto, Second – E. Jensen

- Roll Call Vote was taken

 - **Nay** – None

- Motion carried to select Option 2 (j) substituting the letter coloring with the colors in Option 2 (a).

Agenda Item 4 Discussion and Possible Action to Initiate the following Rulemaking Packages

- a) Amend Title 16, California Code of Regulations (CCR) section 1635 (Required Continuing Medical Education (CME))
- b) Amend Title 16, CCR section 1636 (Continuing Medical Education Progress Report)
- c) Amend Title 16, CCR section 1641 (Sanctions for Noncompliance)

Mr. Ito informed the Board that during review of the rulemaking package it was discovered that CCR 1635 (e) was duplicative of the current law listed within Business and Professions Code (B&P) 2454.5. The dilemma is that the regulations for the American Osteopathic Association (AOA) and American Medical Association (AMA) CME guidelines would require that the Board's CME guidelines would need to be amended every 2-3 years to ensure that the Board remain compliant with its CME guidelines. Recommendation is being made to remove CCR 1635 (e) to ensure that the Board would not need to reconvene every 3 years to discuss CME regulatory changes.

Dr. Zammuto called for a motion to remove subsection (e) from CCR Section 1635.

Motion to approve the proposed text for a 45 day public comment period and delegate to the ED the authority to adopt the proposed regulatory changes if there are no adverse comments received during the public comment period, to follow established procedures and processes in doing so, and also delegate to the ED the authority to make any technical and non-substantive

changes that may be required in completing the rulemaking file. Motion – Dr. Zammuto, Second – C. Buhari

 - **Nay** – None
 - **Abstention** – None
 - **Absent** – None
- Motion carried to remove subsection (e) from CCR Section 1635.

Agenda Item 5 Legislation Report on Items introduced during the 2019 Legislative Session

Mrs. Thorfinnson stated that she would be addressing bills that she felt the Board may want to take a position on, address those that would potentially affect the scope of practice of other professions, and bills that could potentially be passed into law that would affect the Board and profession.

Dr. Zammuto inquired what options were available to the Board if there was a bill which raised concerns with any of the appointed members. Mrs. Thorfinnson advised that it was the Board's discretion whether they wanted to take a position on any bill that was not addressed by the Board staff during the meeting.

SB 425 (Hill) Health care practitioners: licensee's file: probationary physician's and surgeon's certificate: unprofessional conduct.

Mrs. Thorfinnson noted that this bill would add health facilities to the list of entities that would need to report any sexual misconduct of their staff. Currently, there is no reporting requirement for sexual misconduct that occurs within health care facilities.

Dr. Zammuto inquired whether an 805 would need to be filed against a physician if the offense occurred at a hospital or a surgical center. He was advised by Mrs. Thorfinnson that hospitals and surgical centers do have a requirement to report any physician misconduct. She noted that from an enforcement perspective the Board would only have knowledge of 805s once they were reported by the hospital or surgical centers. However, if these facilities don't file an 805 not only would the facility be in violation of the reporting requirements, but the Board would have no knowledge of the violations until a complaint is received which would eventually lead the Board back to the facility.

Mrs. Thorfinnson stated that the Medical Board of California has taken a support position on the bill and noted that it would enhance safety requirements from a regulatory perspective.

Board Meeting Minutes – June 17, 2019 (DRAFT)

Dr. Buhari inquired on the repercussions of an individual's actions who does not fall under the reporting requirements (*i.e.* unlicensed individual) or may not be a member of any of the health professions, and what a facility is to do when a patient complains about the way they felt around the individual and/or allegations of sexual misconduct. Mrs. Thorfinnson advised that under subsection (c) the reporting requirements include an employee or healing arts licensee.

After secondary review of the language by legal counsel and Mrs. Thorfinnson it was found that subsection (c) was struck from the proposed legislative language, however that does not mean that the facility has no other disciplinary options in place to report the misconduct of those non-healing arts employees.

Dr. Zammuto called for a motion to support SB 425 (*Hill*) *Health care practitioners: licensee's file: probationary physician's and surgeon's certificate: unprofessional conduct.*

Motion to take a support position on SB 425 as amended on May 21, 2019 for the reasons discussed by members and staff and as reflected in the staff memo and direct the Executive Director to inform the legislature and the authors office of its position. Motion – Dr. Zammuto, Second – E. Jensen

- Roll Call Vote was taken
 - **Aye** – Mr. Adamyan, Dr. Buhari, Dr. Jensen, Ms. Mercado, Mr. Moreno, Mrs. Williams, Dr. Zammuto
 - **Nay** – None
 - **Abstention** – None
 - **Absent** – None
- Motion carried to support SB 425 (*Hill*) *Health care practitioners: licensee's file: probationary physician's and surgeon's certificate: unprofessional conduct.*

SB 53 (Wilk) Open Meetings

Mrs. Thorfinnson noted that the original intent of the bill was to ensure that no meetings occurred with multiple individuals on the committee for the high-speed railway, however it did not exclude other boards from the bill. Currently, the open meeting standard considers a public meeting to be one which includes 3 or more members of a committee, however the new recommendation would consider a public meeting to be one that is attended by 2 or more members.

Ms. Knight noted that the bill was initially introduced in both 2014 and 2015 by the same author but was vetoed by Governor Brown both times. However, this is the first time that

Board Meeting Minutes – June 17, 2019 (DRAFT)

Governor Newsom will have seen the bill, which may result in a high probability that the bill is approved. Thus far the Board of Accountancy and the Structural Pest Control Board have taken an opposed position to the bill.

Mrs. Thorfinnson added that those in support of the bill are Cal Aware, California Association of Licensed Investigators, California Newspaper Publishers Association, and the League of Women Voters.

Dr. Zammuto called for a motion to oppose SB 53 (*Hill*) *Open Meetings*.

Motion to take an opposed position on SB 53 as amended on March 5, 2019 for the reasons discussed by members and staff and as reflected in the staff memo and direct the Executive Director to inform the legislature and the authors office of its position. Motion – Dr. Zammuto, Second – C. Buhari

- Roll Call Vote was taken
 - **Aye** – Mr. Adamyan, Dr. Buhari, Dr. Jensen, Ms. Mercado, Mr. Moreno, Mrs. Williams, Dr. Zammuto
 - **Nay** – None
 - **Abstention** – None
 - **Absent** – None
- Motion carried to support oppose SB 53 (*Hill*) *Open Meetings*.

AB 407 (Santiago) Fluoroscopy permit or certification and continuing education: exceptions

Mrs. Thorfinnson informed the Board of the public safety risk should this bill pass, as it is requesting removal of the current mandated certification for fluoroscopy.

Those in support of the bill are the California Orthopedic Association and the California Pediatric Medical Association who have both sponsored the bill. Those in opposition of the bill are the California Radiologic Society and the California Society of Radiologic Technologists.

Dr. Zammuto expressed concern with the bill and the adverse actions that it may cause a consumer *and/or* how it may affect office safety when utilizing ionized radiation, in the event that a physician had no standards and knowledge of the proper way in which fluoroscopic instruments should be used.

Dr. Buhari added that he agreed with Dr. Zammuto in opposing the bill because there is certain course work that must be completed when properly utilizing fluoroscopic devices. The proper radiation levels, physics, in addition to how these radiation levels

Board Meeting Minutes – June 17, 2019 (DRAFT)

will affect your patient are all things that should continue to be studied by those who are wishing to provide fluoroscopic services.

Dr. Zammuto called for a motion to oppose *AB 407 (Santiago) Fluoroscopy permit or certification and continuing education: exceptions*.

Motion to take an opposed position on AB 407 as amended on April 11, 2019 for the reasons discussed by members and staff and as reflected in the staff memo and direct the Executive Director to inform the legislature and the authors office of its position. Motion – Dr. Zammuto, Second – C. Buhari

- Roll Call Vote was taken
 - **Aye** – Mr. Adamyan, Dr. Buhari, Dr. Jensen, Ms. Mercado, Mr. Moreno, Mrs. Williams, Dr. Zammuto
 - **Nay** – None
 - **Abstention** – None
 - **Absent** – None
- Motion carried to support oppose *AB 407 (Santiago) Fluoroscopy permit or certification and continuing education: exceptions*.

Mr. Ito and Mrs. Thorfinnson provided the Board with background information regarding the following bills which no position was taken. However, it was decided that the bills would be monitored should any changes be made that would subsequently affect the Board.

- *AB 149 (Cooper) Controlled substances: prescriptions*
- *AB 613 (Low) Professions and vocations: regulatory fees*
- *AB 617 (Mullin) Stem Cell and Regenerative Therapy Regulation Advisory Group*
- *AB 1038 (Muratsuchi) Health data: rates for health care services: physicians and surgeons*
